## 1:1 Device Loan Agreement

### Overview

As part of the North Union Local School District 1:1 Device initiative, your student is being provided with a device, case, and charger to use for educational purposes both at school and at home. **In order for your student to receive his/ her assigned device, both the student and his/her parent/guardian must sign and return a copy of the 1:1 Device Loan Agreement Form.** Students and parents/guardians must carefully read this agreement prior to signing it. Any questions can be addressed to the North Union Local Schools Technology Department at [NUTech@nu-district.org](mailto:NUTech@nu-district.org)

### Device and Accessories

- The student will receive one device (laptop or netbook), charger, and case for use at school and at home. This equipment is, and at all times remains, the property of the North Union Local School District. It is loaned to the student for educational purposes only during the academic school year.
- The student may not deface or destroy this property in any way. While the device is covered under warranty, **the student can be held liable for a lost device and/or a device that has been damaged due to neglect, abuse or malicious act.**
- All material on the laptop is subject to review by school staff. If there is a police request, North Union Local Schools will provide access to the device and network accounts associated with the student's use of the laptop.
- If the device is stolen while in the student's possession, a police report must be made by the family and a copy of the incident report provided to North Union Local Schools.
- If the device is accidentally lost or damaged while in the student's possession and outside of the school building the student attends, the parent/guardian will submit a signed and witnessed report of the event.
- The device, charger and case will be returned at any time when requested by North Union Local Schools. If the student withdraws from North Union Local Schools, the student must turn in the device, charger, and case before his/her last day of school at North Union. If the student withdraws from North Union Local Schools and does not return the device, charger and case, the incident will be turned over to the Union County Prosecutor's office and/or the student's parent/guardian will be billed for the current value of the device, charger and case.
- Identification labels have been placed on the device. These labels are not to be removed or modified. If they become damaged or missing, the student should contact the North Union Technology Department for replacements.
- **Additional stickers, labels, tags or markings of any kind are not to be added to the device or the device case** unless prior approval is granted by the North Union Technology Department.
- The student acknowledges and agrees that his or her use of the device is a privilege and that by the student's agreement to the terms hereof, the student acknowledges his or her own responsibility to protect and safeguard the District property and to return the same in good condition upon request by the North Union Local School District.

## Software/ Networking

- The student may not install or use any software other than software owned and approved by the District and made available to the student in accordance with this receipt and agreement.
- The student will not be able to add printers or other accessories to the device.
- The student will not change the default network settings (Wireless password, SSID) on the device. (This will not prohibit them from connecting to their home Wi-Fi environment).
- The student understands that the North Union Local School District will not provide individual technical assistance with home Wi-Fi connections.
- The student will not use the device to connect to the North Union Local Schools guest wireless network.
- The North Union Local School District school network is provided for the academic use of all students and staff. The student agrees to take no action that would interfere with the efficient, academic use of the network.

## Use

- The device is to be used only for non-commercial, **educational purposes**, in accordance with district's policies and rules, the North Union Local School District Acceptable Use Regulation, as well as local, state, and federal statutes.
- This device has been setup for and is intended to be used by only the student it has been assigned to. The student agrees to let no other person use this device. (NOTE: Parents are permitted to monitor their student's activity on the device and to provide supervision.)
- The student will make sure he/she locks the device when not using it to minimize the chance of any non authorized individual having access to the student's device or account.
- Inappropriate use of the device may result in the student losing his or her right to use the device.

## Daily Responsibilities

- The student is responsible for **bringing the fully charged device** and the charger in the district provided case to class every day.
- The student must take their device and charger home every day in the district provided case. Devices should not be left in lockers or other potentially non-safe areas.
- The student agrees to keep a backup of any important school work (e.g. in their server account, on a flash drive, etc.) and understands that if he/she does not and the device becomes non-operational, they will lose their work.

## North Union Local Schools 1:1 Device Student Responsibilities

Your device is an important learning tool and is to be used for educational purposes only. In order to take your device home each day, you must be willing to accept the following responsibilities:

### At School

- I will bring my fully charged device and its charger in the school provided case to class every day.
- I will back up my school work to my server folder, a flash drive, or other storage and I understand that if I do not and the device becomes non-operational, I will lose my work.
- I understand that the device will be collected prior to the end of the current school year (prior to summer) so that it can be cleaned up and prepared for the next school year.
- I will return the device when requested and/ or upon my withdrawal from North Union Local Schools.

### All The Time

- I will treat the device with care. I will not drop it, bang it into lockers, leave it outdoors, or eat and drink around it.
- I will keep my device in the district provided case at all times when not in use.
- I will keep my device charger in the district provided case at all times when not in use.
- I will carry the device securely when moving from one location to the other.
- I will always close the lid when carrying the device.
- I will not use my device to access **personal** (non school provided) email accounts such as gmail or yahoo.
- I will keep all accounts and passwords assigned to me secure, and will not share these with any other students.
- I will not give out personal information when using the device.
- I will not lend the device to anyone (including friends, siblings or parents). (NOTE: Parents are permitted to monitor their student's activity on the device and to provide supervision.)
- I will not alter the device physically in any way, nor will I add or remove any software from the device.
- I will not attempt to repair the device.
- I will notify my teacher (or the North Union Technology Department) immediately if the device is physically damaged. (NOTE: If this happens during the day, report it to your teacher. If this happens at home, write down what happened and report it to your Advisory Teacher the next school day.)
- I will notify my teacher (or the North Union Technology Department) immediately if the device becomes non-operational. (NOTE: If this happens during the day, report it to your teacher. If this happens at home, write down what happened and report it to your Advisory Teacher the next school day.)
- I will notify the North Union Technology Department immediately if the device is lost or stolen.
- I will always follow the policies of North Union Local Schools, especially the Student Code of Conduct and the Acceptable Use Regulation for Technology, and abide by all local, state, and federal laws whenever and wherever I use the device.

## North Union Local Schools 1:1 Device Parent Responsibilities

Your son/daughter has been issued a portable device to improve and personalize his/her education this year. It is essential that the following guidelines be followed to ensure the safe and efficient operation of this device:

- I will supervise my child's use of the device at home.
- I will discuss our expectations regarding the use of this device for educational purposes only (including the use of the Internet and email).
- I will supervise my child's use of the Internet and email.
- I will not attempt to repair the device, nor will I attempt to clean it with anything other than a soft, dry cloth.
- **I will report to the school any problems with the device and I understand that if the device is lost or damaged due to negligence, abuse or malicious intent, I may be held liable.**
- I will not load or delete any software from the device.
- I will make sure my child recharges the device battery nightly.
- I will make sure my child brings the device and charger to school every day.
- I understand that if my child comes to school without the device, I may be called to bring it to school.
- I agree to make sure that the device, bag and charger are returned to school when requested and upon my child's withdrawal from North Union Local Schools. **I understand that if my student withdraws from North Union Local Schools and fails to return the device, bag and charger, the incident will be turned over to the Union County Prosecutor' office and/or the student's parent/guardian will be billed for the current value of the device, charger and case.**
- I understand that the device will be collected prior to the end of the current school year (prior to summer) so that it can be cleaned up and prepared for the next school year.
- I understand that if the device is stolen while in my student's possession, a police report must be made and a copy of the incident report provided to North Union Local Schools.

## Acceptable Use Regulation Bullet Points

**Personal Responsibility** – YOU are responsible for your behavior with your device and on the district network

**Security** – YOU must keep your password and your account secure. Any improper use of your account or device because of a breach is YOUR responsibility.

**Personal Equipment** – ONLY allowed in a building where authorized by the building administrator. ASK IF YOU'RE NOT SURE. Same rules apply for personal equipment used within the school district as to district owned equipment

**Discipline** – Misconduct is misconduct. Improper use of the district network and/or devices is a discipline referral.

**Device** – YOU are responsible for keeping the device in good working order and free from damage caused by accident or misuse

**Harassment/ Bullying** – DON'T email, copy, forward, download, upload any pictures, jokes, graphics, or other materials that are pornographic, harassing, obscene, etc.

**Copyright** – DON'T use any written or web material without properly citing the source

**Network** – DON'T do anything to try to disrupt access to the Internet or district network

**Privacy** – DON'T access material not intended for you (e.g. another's account, emails, etc.)

**Illegal** – DON'T use district resources for anything that is in violation of state and/or federal laws.

**Education** – DO use the device and district network for only education related things

**E-Mail** – NOT for personal use; Use only the assigned North Union email account

**Filter** – District Internet access is filtered as required by law. DO NOT try to circumvent the filter

**Observed** – YES we can see what you do. Email, devices, and network usage can and is monitored. Inappropriate use is a discipline referral

**NOTE:** *This is a list of main points only. The board approved, North Union Local School District Acceptable Use Regulation for Technology remains the authoritative document.*

## North Union Local School District

### Acceptable Use Regulation for Technology

---

This document constitutes the North Union Local School District's Acceptable Use Regulation for Technology (Regulation) and applies to all persons who use or otherwise access the Network and/or Internet, whether with District or personal equipment or whether on-site or by wireless or other remote access. Policies, guidelines and rules described in this guide refer to all computing devices (including but not limited to computers, netbooks, tablets, handhelds or PDAs, MP3 players, portable storage devices, calculators with interfacing capability, cell phones, digital cameras, etc.), associated peripheral devices and/or software.

**1. Definitions:** For purposes of this Regulation, the term Network shall mean the District's group of interconnected via cable and/or wireless computers and peripherals, all other District software and hardware resources including all Web-based material and all Web hosting, all data, databases and storage media, all standalone, portable and/or borrowed devices, and all provided connectivity between and among Users and from Users to the global Internet, including any and all Instructional Technology Centers or other third-parties (including, but not limited to sites and services like Google Apps for Education, Moodle, Progress Book, etc.) providing connectivity and other services, and any and all identifiers, accounts, rights, permissions, and current or future hardware, software, or connectivity owned or managed by the District to which access is provided to Users. Individual system computers are considered to be part of the Network and are subject to the terms of this Regulation even when the User is not attempting to connect to another computer or to the Internet. The term Network Use shall mean any and all actions of a User which create traffic on the Network, including traces or remnants of traffic that pass through District equipment, wiring, wireless networks, or storage devices regardless of any other factor such as passage of time, user deletion, transit of the Network without storage or origination and/or storage on personal equipment.

**2. Purpose and Use:** The School District is providing Users access to its Network to support and enhance the educational experience of students and to facilitate work duties of employees. Access to system computers and the Network is a privilege, not a right. The District reserves the right to withdraw access at any time for any lawful reason. The District reserves the right to determine what constitutes an improper use of system computers or the Network, and is not limited by the examples of misuse given in this Regulation. Users may violate this Regulation by evading or circumventing the provisions of the Regulation, alone or with others. If Users have any doubt about their obligations under this Regulation, including whether a certain activity is permitted, they must consult with the Technology Department to be informed whether or not a use is appropriate.

**3. Users Bound by Regulation in Accepting Access:** The User consents to the terms of

this Regulation whenever he or she accesses the Network. Users of the Network are bound to the terms of this Regulation regardless of whether or not a copy was received and/or signed for by the User.

**4. Personal Responsibility:** Users are responsible for their behavior on the Network just as they are in a classroom, school hallway, or other School District property. Each User is responsible for reading and abiding by this Regulation and any and all future amendments, which will be made readily available in both electronic and printed form. Anonymous use is not permitted and access (including passwords) may not be shared or transferred. If a User suspects that a password is not secure, he or she must inform the Technology Department immediately. Any improper use of your account, even if you are not the User, is your responsibility.

The district will educate minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. The Superintendent/designee will develop a program to educate students on these issues.

**5. Reporting Misuse of the Network:** Users must report any misuse of the Network to the Technology Department. This means any apparent violation of this Regulation or other use which has the intent or effect of harming another person or another person's property.

**6. Violating Regulation with Personal Equipment:** The use of personal equipment and/or personal Internet access to violate this Regulation or to assist another to violate the Regulation is prohibited. Exceeding permission (*such as abusing access to unfiltered Internet connectivity – e.g. not using the District Guest wireless access*) is a violation of this Regulation. Using private equipment to divert student time and/or attention from scheduled educational activities, or to divert paid work time from its proper purpose, is always strictly prohibited. Personal equipment used to violate this Regulation on school property is subject to search related to the violation and seizure for a period of time, to be determined by a school administrator.

**7. Discipline for Violation of Regulation:** Violations of each of the provisions of this Regulation are considered violations of the Student Code of Conduct (or if an employee, of the contract of employment), and each violation is a separate infraction. Violations may result in disciplinary action for students up to and including suspension or expulsion and/or referral to law enforcement, or up to termination and referral to law enforcement for employees. The District reserves the right to seek reimbursement of expenses and/or damages arising from violations of these policies. Disciplinary action relating to employees is always subject to the provisions of any applicable collective bargaining agreement.

**8. Waiver of Privacy:** By accepting Network access, Users waive any and all rights of privacy in connection with their communications over the Network or communications achieved through the use of District equipment or software. Electronic mail (e-mail) and other forms of electronic communication (including instant messaging of all forms and

SMS messages originating from email) are not guaranteed to be private. The District owns all data in the system. Systems managers have access to all messages for purposes of monitoring system functions, maintaining system efficiency, and enforcing computer/network use policies and regulations, District policies, and state and federal laws. Illegal activities or suspected illegal activities may be reported to the authorities.

**9. Confidentiality and Student Information:** Users are responsible for maintaining security of student information and other personally identifiable data that they access, even if they access such data accidentally or without permission, and for upholding FERPA (20 U.S.C. 1232g), the student confidentiality law (Ohio Revised Code Section 3319.321), the Ohio Privacy Act (Chapter 1347 of the Ohio Revised Code), and any other applicable privacy policies and regulations. Users are responsible whether such data is downloaded from the Network to their computer screen, transmitted by e-mail, stored on a flash drive, portable device or laptop, copied by handwriting or by any or all other devices, forms of storage or methods. Negligence with respect to protecting the confidentiality of such data will be considered a violation of this Regulation whether or not such negligence results in identity theft or other harm. The North Union Local School District and/or its staff may maintain one or more Facebook, Twitter, blog or similar Internet pages for educational purposes. The identity of those individuals who are accessing, affiliating or commenting on these pages may be visible to third parties not affiliated with the North Union Local School District. The North Union Local School District is not responsible for revealing the identity, profile or personal information of the user, including minor students, by third parties. It is the express responsibility of the user, or his/her parent or guardian, to protect the user's identity, profile and personal information.

**10. District-Owned Equipment:** Desktop computers, laptops, portable devices, and other equipment belonging to, borrowed by, or leased by the District are your responsibility. Any misuse, failure, damage or loss involving such equipment must be reported to the Technology Department. Periodic maintenance on laptops and other hardware is required. It is your responsibility to make such equipment available in a timely manner available for maintenance at the request of the Technology Department. You may be held financially responsible for the expense of any equipment repair or replacement.

**11. Unacceptable Uses of the Network:** All Users must use the Network in an appropriate and responsible way, whether their specific actions are described in this Regulation or not. Examples of unacceptable uses include, but are not limited to, the following

**OFFENSIVE OR HARRASSING ACTS:** Creating, copying, viewing, transmitting, downloading, uploading, forwarding or seeking sexually explicit, obscene, or pornographic materials. Using language inappropriate to the school environment, including swearing, vulgarities or language that is suggestive, obscene, profane, abusive, belligerent, harassing, intimidating, bullying, defamatory or threatening. Making, distributing or redistributing images, jokes, stories or other material that would violate this Regulation or the School District's harassment or discrimination policies, including

material that is based upon slurs or stereotypes relating to race, gender, ethnicity, nationality, religion, sexual orientation, or other protected characteristics. Engaging in harassment, stalking, or other repetitive unwanted communication or using the Internet in support of such activities.

**VIOLATIONS OF PRIVACY:** Unauthorized copying, modifying, intruding, or attempts to copy, modify or intrude, into the folders, files, data, work, networks, passwords or computers of others, or intercepting communications intended for others. Copying, downloading, uploading, or transmitting student or School District confidential information. Unauthorized disclosure, use and/or dissemination of personal information.

**CREATING TECHNICAL PROBLEMS:** Knowingly performing actions that cause technical difficulties to the system, other users, or the Internet. Attempting to bypass school Internet filters or to access other accounts or restricted information. Uploading, downloading, creating, or transmitting a computer virus, worm, Trojan horse, or other harmful component or corrupted data. Attempting to hack, alter, harm, destroy or interfere with the normal operation of software, hardware, data, other District Network resources, or using the District Network or to do any of the same acts on the Internet or outside Networks. Downloading, saving, and/or transmitting data files large enough to impede the normal functioning of the computer or the Network (such as many music, video, image, or software files) unless given permission by the System Administrator. Moving, reconfiguring, reprogramming, modifying, or attaching any external devices to Network equipment, computers or systems without the permission of the System Administrator. Removing, altering, or copying District software for personal use or for the use of others. Downloading unauthorized software.

**VIOLATING LAW:** Actions that violate state or federal law or encourage others to do so. Offering for sale or use, soliciting the purchase or provision of, or advocating the use of any substance that the possession or use of is prohibited by law or District Regulation. Seeking information for the purpose of creating an explosive device or biohazard, or communicating or seeking materials in furtherance of criminal activities, terrorism, or other threatening acts.

**VIOLATING COPYRIGHT:** Uploading, downloading, copying, redistributing or republishing copyrighted materials without permission from the owner of the copyright. Users should assume that materials are protected under copyright unless there is explicit permission for use.

**PERSONAL USE:** Personal shopping, buying or selling items, soliciting or advertising the sale of any goods or services (financial gain), or engaging in or supporting any kind of business or other profit-making activity. Interacting with personal web sites or other social networking sites or tools that are not part of an educational or work project, receiving or posting messages to web sites or other social networking or blog sites not part of an educational or work project, participating in any type of gaming activity, engaging in social or hobby activities, or general recreational web browsing if such browsing occurs during instructional time or designated work time.

**POLITICAL USE:** Creating, transmitting or downloading any materials that

support or oppose the nomination or election of a candidate for public office or the passage of a levy or a bond issue. Soliciting political contributions through the Network or conducting any type of official campaign business.

**GENERAL MISCONDUCT:** Using the Network in a manner inconsistent with the expectations of the North Union Local Schools for the conduct of students and employees in the school environment. Uses that improperly associate the School District with Users' personal activities or to activities that injure the District's reputation. Uses that mislead others or violate the standards of academic or personal integrity, including but not limited to plagiarism, disseminating untrue information about individuals or groups, or using another's password or some other user identifier. Uses that violate Board policies, procedures or school rules.

## **12. Specific Limits on Communication Over the District Network:**

***Expressing Opinion:*** The Network has been created at public expense and exists for purposes relating to education and administration. It does not exist to serve as a personal blog for the expression of opinions or as a public forum of any kind. It is not the intention of the District to allow the public, staff, or students to use the Network, including the web hosting or linking ability, for purposes of expressions of private opinions, or to support private or public causes or external organizations.

***Large Group Mailings:*** The sending of messages to more persons than is necessary for educational or school business purposes is a misuse of system resources and User time. Large group mailings, such as district or building are reserved for administrative use, subject to any exceptions which may be developed by the Administration or the System Administrator. The System Administrator may also develop specific limitations on the use of graphics, the size, number, and type of attachments, and the overall size of e-mail messages sent on the system. The use of multiple messages, non-system addresses, or other techniques to circumvent these limitations is strictly prohibited.

***Employee Personal E-mail:*** Limited personal use of District e-mail by employees to communicate with family, friends, and colleagues who are willing recipients is permitted as a personal convenience, but must not impact paid work time and is subject to all of the provisions of this Regulation. Misuse of the privilege is prohibited, and includes but is not limited to excessive volume, frequency, inappropriate content, mailing to unwilling addressees, or uses that may bring the District into disrepute. Violations will be determined at the sole discretion of the Superintendent. Employee personal use shall be defined as no more than ten (10) messages during any one day, with no attachments large enough to impede the normal functioning of the computer or the Network, as determined by the System Administrator. Exceptions to this limitation may be permitted for personal emergencies and other extenuating circumstances.

***Student Personal E-mail:*** Students should only utilize district email for educational purposes.

***Electronic Signatures:*** Users shall not legally verify documents or use signatures in any way unless they have been trained in an approved verification or signature system

approved by the Administration. Users asked to legally verify or electronically sign documents should report the situation to the Administration.

***Mobile Device Regulation:*** Personal electronic devices including but not limited to iPods, MP3 and MP4 players, eReaders, tablets and cell phones/ smartphones are not permitted to be used during the instructional day (and must be turned off) unless authorized by the building administrator for a specific academic purpose. Personal electronic devices are never to be used during exams, achievement or benchmark tests, or any other nationally normed test. Students are responsible for all content on a personal mobile device. The district reserves the right to collect, inspect, and hold personal equipment and apply disciplinary procedures should material inappropriate for an educational environment be found. Personal mobile devices when used in the educational setting are subject to the same restrictions as any other equipment within the district Network. Use of Personal electronic devices will only be granted access for approved educational activities. Such access will be of a specified duration. Usage of personal electronic devices is a privilege not a right and as such may be revoked at any time. Individuals are responsible for ensuring the safety of their own personal devices. The district is not responsible for the loss or theft of a device, nor are they responsible for any damage done to the device while at school. The District will not maintain, service or repair any personal devices.

**13. System Security and Integrity:** The District reserves the right to suspend operations of the Network, in whole or in part, at any time for reasons of maintaining data security and integrity or any other lawful reason. The District reserves the right to block or filter any web sites, e-mail addresses, servers or Internet domains which it, in its sole judgment, has determined to present a risk of exposing students or employees to sexually explicit or otherwise inappropriate content, or which exposes the system to undue risk of compromise from the standpoint of security or functionality.

**14. No Warranties Created:** By accepting access to the Network, you understand and agree that the School District, any involved Information Technology Centers, and any third-party vendors make no warranties of any kind, either express or implied, in connection with provision of access to or the use of the Network. They shall not be responsible for any claims, losses, damages or costs (including attorneys' fees) of any kind suffered, directly or indirectly, by any student or employee arising out of that User's use of and/or inability to use the Network. They shall not be responsible for any loss or deletion of data. They are not responsible for the accuracy of information obtained through electronic information resources.

**15. Updates to Account Information:** You must provide new or additional registration and account information when asked in order for you to continue receiving access to the Network. If, after you have provided your account information, some or all of the information changes, you must notify the Technology Department or other person designated by the School District to receive this information.

**16. Posting of a Student's Image or Work on District Web Site or Other Electronic Media:** The District may, from time to time, select a student's work, photograph, video

image, and/or recorded statement(s) to post on District web sites and/or other electronic media in order to highlight student achievement, portray examples of educational experiences, etc. If the student (if 18 years or older) or the student's parent or guardian does not wish for the District to post such work, photograph, video image and/or recorded statement on District web sites or other electronic media as provided therein, they can request and submit a signed Acceptable Use Regulation For Technology - Opt Out Form.

**17. Records Retention and Production:** Users must comply with all District directions regarding the retention and management of e-mail or documents. Instant messaging or text messaging for District business is prohibited. The District retains the right to receive a copy of a record from an Employee User's private computer if for some reason it exists only on that computer.

**18. Web Sites:** Web sites created through the Network and/or linked with the School District's official web site ([www.n-union.k12.oh.us](http://www.n-union.k12.oh.us) or [www.nu-schools.org](http://www.nu-schools.org)) must relate specifically to District-sanctioned activities, programs or events. Web sites created using the Network or the School District's equipment, or web sites created as part of a classroom or club assignment or activity are the sole and exclusive property of the School District in perpetuity without any ownership rights existing in the page creator(s). The School District reserves the right to require that all material and/or links with other sites found to be objectionable be altered or removed for any reason or for no reason, in the sole judgment of the Administration. The School District does not intend to open web pages for the expression of opinion, and specifically does not intend for its web pages to be a public forum or limited public forum for students, staff, or citizens. Web pages exist solely in support of the School District functions and mission as determined by the Board.

All external web sites linked with any District web page must prominently display the following disclaimer:

*This is not an official web site of the North Union Local School District. The North Union Local School District does not control and cannot guarantee the timeliness or accuracy of the information on this web site. Any views or opinions expressed herein are solely those of the creators of this web site.*

**19. Filtering and Monitoring:** In accordance with the Children's Internet Protection Act [Pub. L. No. 106-554, codified at 47 U.S.C. 254 (h) and (l)], the District, either by itself or in combination with the Metropolitan Educational Council Data Center (MECDC), will utilize filtering software or other technology protection measures designed to restrict users from accessing visual depictions that are (1) obscene, (2) child pornography, or (3) harmful to minors, as those terms are defined in the Children's Internet Protection Act and interpreted by relevant state and federal case law. Subject to staff supervision, technology protection measures may be disabled or, in the case of minors, minimized only for bona fide research or other lawful purposes. Student attempts at circumventing these filtering efforts are considered a violation of the Acceptable Use Regulation.

The District shall also monitor the user's online activities, through direct observation and/or technological means, to endeavor to ensure that users are not accessing visual depictions that are obscene, child pornography, or harmful to minors (as defined above) or any other materials that are inappropriate for the educational setting. However, the District cannot provide assurance that all access to inappropriate materials can be prevented by monitoring and the use of technology protection measures. The ultimate responsibility for monitoring Network usage is that of the staff member, student and the student's parent or guardian.

## Taking Care of Your 1:1 Device (Laptop/ Netbook)

### Cleaning

- Use only a clean, soft cloth to clean the screen of the device. Do not use cleansers of any type –no window cleaners, household cleaners, aerosol sprays, solvents, alcohol, ammonia, or abrasive material.

### Daily Use

- Students are responsible for bringing a charged device to school every day.
- Devices can be damaged by rough or inappropriate handling.
- Always handle the device with care when preparing it for use, using it, and putting it away.
- Do not carry the device in a way that increases the chance of dropping it.
- Do not leave the device sitting in a position that increases the chance of it falling.
- Do not handle the device roughly even when stored in the case (for example do not drop or throw the device in the case).
- Do not set things on top of the device.
- Do not place anything in the device case that will press on the device and possibly damage the screen.
- Do not place anything in or on the device case that can spill or leak on the case and the device inside.
- Do not “bump” the device case into anything including lockers, walls, car doors or floors.
- Do not press on the device screen with your fingers, pencils, pens, etc.
- Do not use any sharp objects with the device.
- Do not lean on or sit on the device.
- Do not use the device around food or liquids.
- Keep the power adapter wrapped neatly in the case with the device.

### Appearance

- Devices must remain free of writing, drawing, stickers, or labels that are not the property of the school.
- Devices should always be kept in their case when not in use.
- Each case and device is identifiable. Do not remove any school ID tags or labels.

### Safe Keeping

- Devices must never be left in an unlocked locker, unlocked car or any unsupervised area.
- When not in your personal possession, the device should be in a secure, locked environment.
- Unattended devices that are found at school will be collected and given to the North Union Technology Department.
- Each device has a unique identification number and at no time should the numbers or labels be modified or removed.
- Do not lend your device to another person. Each device is assigned to an individual and the responsibility for the care of the device solely rests with that individual.
- Never expose a device to long-term temperature extremes or direct sunlight. An automobile is not a good place to store a device.

### Repair

- This is an electronic device and care must be exercised when handling it.
- Do not attempt to gain access to the internal electronics or repair your device.
- If your device fails to work or is damaged, report the problem to the Technology Department as soon as possible.
- While the device is covered under warranty, the student can be held liable for a lost device and/or a device that has been damaged due to neglect, abuse or malicious act.
